To whom so ever it may concern

Mr. Kallathikumar Kallathiyan, Vice President at Thyrocare is with us from 1998. Joined as a fresher from college, he has grown consistently and faster than the organization and had risen as a successful manager. His “ambitious” and “energetic” journey is admired by his subordinates, peers and superiors equally.

He has also mastered biological sciences and the ever evolving Biomedical Technologies while doing, supervising millions of clinical chemistry tests over 20 yrs of his exemplary experience.

The following technologies he has expertise

1. Chemiluminescent Immunoassay
2. Photometry
3. Enzyme-Linked Immunosorbent Assay
4. Polymerase Chain Reaction
5. Analytical Chemistry

I am sure that his expertise and experience is very unique as a scientist and administrator.

Dr A. Velumani
