TESTIMONIAL

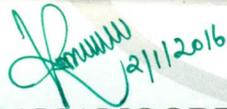

This is to certify that Mrs. K. Saranya is known to me since 2003 as a physiotherapy student. As a student she was sincere in her studies and impressed me by her well behaved manners.

She is a talented, young physiotherapist who has impressed me with her high sense of duty conscientious, application to work, uncommon eagerness to improve her knowledge. After completing BPT Course, she has worked in my 'Sri Lakshmi Clinic' as a Senior Physiotherapist from 01st April 2009 to 31st December 2015.

During this period, she has taken care of all my Orthopedic, Neurology, Cardio respiratory, Obstetrics and Gynecology and Diabetic foot cases which require physiotherapy. She is extremely good, sincere, efficient and earnest in her work and prompt in executing the duties laid for her. She attended all refereed cases with her cheerful willingness.

Mrs.K Saranya is looking for an opportunity to grow. She will be an asset to any institution which utilizes her service. I am confident she can easily fit herself in any new position. I recommend her to you with all my heart.

Her conduct and character are excellent. She will be an asset to any institution which utilizes her service. I wish her Good Luck in all her endeavors.
