TO WHOMSOEVER IT MAY CONCERN

This is to certify that **Ms. Swathi Mohan** was employed with Varsha Info Services Inc. as a Software Developer – Full Stack Web Developer from December 2021 to April 30, 2025.

During her tenure with us, Ms. Mohan demonstrated exceptional technical proficiency and a strong command of full-stack web development. She worked extensively with a wide range of technologies, including React.js, Node.js, PostgreSQL, MongoDB, Python, AWS (EC2), GitHub, Twilio, and ChatGPT API keys.

Ms. Swathi played a vital role in the design and implementation of scalable web applications. She contributed significantly to front-end development using React.js, back-end development with Node.js and Express, and database management using both relational (PostgreSQL) and NoSQL (MongoDB) databases. Her work with AWS EC2 for deployment, GitHub for version control, and the integration of external services such as Twilio and ChatGPT APIs demonstrated her versatility and ability to deliver end-to-end solutions effectively.

Her problem-solving skills, professionalism, and dedication to quality were consistently evident throughout her service. Ms. Mohan was a valuable team member known for her collaborative approach, accountability, and eagerness to take on new challenges.

We sincerely thank Ms. Swathi Mohan for her contributions to our organization and wish her continued success in all her future professional endeavors.

Sincerely,

Jomy Joseph

Director
