

ANITA NAIR'S WOMEN – A STUDY

ABSTRACT

Anita Nair provides perfect examples of victimized women in a patriarchal system. Marriage is still a social necessary, where seek security and men respectability. Domination is the significant in an analysis of the man-woman relationship where the male characteristics are ones coupled with mental thought and positive activity, at the same time and a woman is regarded as basically submissive: her role to be fulfilling male sexual drive for the subsequent reproduction of the species.

The woman in the past was completely traditional, uneducated, superstitious and confined. Being lived in such atmosphere women had become narrow and controlled, they could never think that there can be a different world outside the four walls of their house, she was completely cut off from such dynamic world, it was so because the men of the traditional society wanted them to be so, they too were ruled by the old age philosophy which was anti-woman and which taught that woman's place is within the house.
